

A free, easy and secure way for your employees to donate to your United Way Campaign in 2017.

Sign Up for ePledge!

Get rid of your pledge forms. Keep your campaign.

ePledge is an online pledge collection tool that fits seamlessly into your existing United Way campaign, allowing you to more efficiently and safely raise money while eliminating paper pledge forms. It's all done through United Way of Greater Kansas City's secure database, Andar 360.

What is ePledge?

ePledge and Andar 360 work together to provide a better giving experience for your employees, your company and for United Way.

ePledge will:

- safely store your employees' data, reducing the number of people who will need to have access to each employee's pledge information
- send emails directly to your employees
- set up a site just for your company
- automatically track your pledges
- run real-time reports

The only system requirement is that a large percentage of your employees have Internet and email access. If there are a few employees without this access, your company can still use ePledge as a central place to store all campaign data by submitting the paper pledge forms to United Way for processing.

What do you need to do?

Six weeks before the start of your campaign, you will need to provide an Excel spreadsheet with the following data for each employee:

Required elements

- email address
- unique employee ID number, but not SSN
- first name, middle initial, last name
- number of pay periods per year
- work zip code (if any employees work outside of the Kansas City metro area)

Preferred, but not required

- home address
- gender
- ethnicity
- birthdate

Our staff will work with you to ensure that your company's ePledge site will be ready to launch one week before your campaign begins!

We're Here to Support You

United Way's staff will work with you every step of the way to set up your company's ePledge site and assist you in downloading reports and managing the campaign. You can be involved as much or as little as you prefer. We want to work with you to help you manage a successful — and easier — campaign!

For more information, call your United Way staff liaison.
