# IMPACT 100 NONPROFIT PARTNERS

United Way's Impact 100 is a group of 100 community partners that we believe are addressing the most critical health and human service needs. Every Impact 100 organization maintains a high bar of organizational accountability and effectiveness in terms of finances, governance and impact in the community. Organizations on the Impact 100 list were chosen via a rigorous selection process and serve a wide cross section of human service domains and geographic regions.
